EXAMINER'S COMMENT

Applicant must submit new formal drawings as proposed/submitted in the parent case, serial number 09/096600, which has been approved by the examiner.

Allowable Subject Matter

1. Claims 40-75 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 40 and 55 and all the other claims depending thereon are a method of operating a pulsed laser system that allows the pre-selection/selection of the repetition rate of the pulsed laser beam independent of the selection of the pulse shape by varying the pulse width of a Q-switched pulse by changing the energy storage time on the laser rod whereby unwanted energy is removed with an external acousto-optic modulator.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
